

bio

Jason Etheridge

Lead Designer, Interior Design

Profile

Jason Etheridge received his Bachelor of Arts Degree in Architecture from the University of California at Berkeley in 1998. His scholastic achievements earned him the prestigious Berkeley Prize for Architectural Design Excellence. Throughout his professional career, he has designed and implemented projects varying in size and scope, including private clubs, 5 stars hotels and high-end residences.

Mr. Etheridge's responsibilities have involved the development of conceptual designs, design development, coordination of contract documents and management of construction administration. His strengths to take a project from the beginning to the end and his understanding of every component in each project phase adds unique visions and values to any design team. With his extensive background in architecture and interior design, he has generated projects that meet the demanding expectations of his clients.
